

Model Contract Language

"Within **six (6) months** of the purchasing contract effective date, [Company] will **provide [municipality] a written assessment of, and plan to eliminate, the [targeted chemicals and materials of concern, energy efficiency requirements, etc] as described in the [relevant] criteria, from [specific products].**

[Company's] assessment must **include a report** on the extent to which the purchased products meet the requirements described in the [criteria].

[Company's] plan must **describe its effort** to eliminate the [targeted chemicals and materials of concern, energy efficiency requirements, etc] from [Company's] products purchased by [municipality]. [Company's] plan must **include a timeline** for meeting the [designated] criteria in these products.

[Company] must **provide specific, quarterly updates** to [municipality] on progress toward meeting the [designated] criteria. [Company] must provide additional updates on progress to [municipality] as requested.

[Company's] **failure to comply** with these requirements, including its failure to meet the timeline for compliance with the [designated] criteria, will be deemed to be a material breach of the purchasing contract."
